VISITOR FEEDBACK

Become KLOE compliant within **CQC inspections** by sending feedback questions to visitors after their time on-site. Capture and action this feedback within the InVentry console.

GDPR COMPLIANCE

Become fully GDPR compliant by ensuring all resident, visitor and contractor information is stored correctly and safely within the InVentry system.

IMPROVED PROCESS

Improve out-dated paper-based sign in procedures with a state-of-the-art system, keeping all information safe and secure.

SAFEGUARDING

Ensure the safety of staff and residents with the highest level of security by knowing who is on-site at any given time.

FIRE EVACUATIONS

Improve the accuracy and efficiency of fire evacuations through our Anywhere App. Also receive evacuation reports listing who was accounted and unaccounted for as well as duration details, allowing you to improve each time.

APPROVED CONTRACTORS

Safely and securely store approved contractors' information, checks and expiry dates within InVentry, making it an easy process each time they arrive on-site.

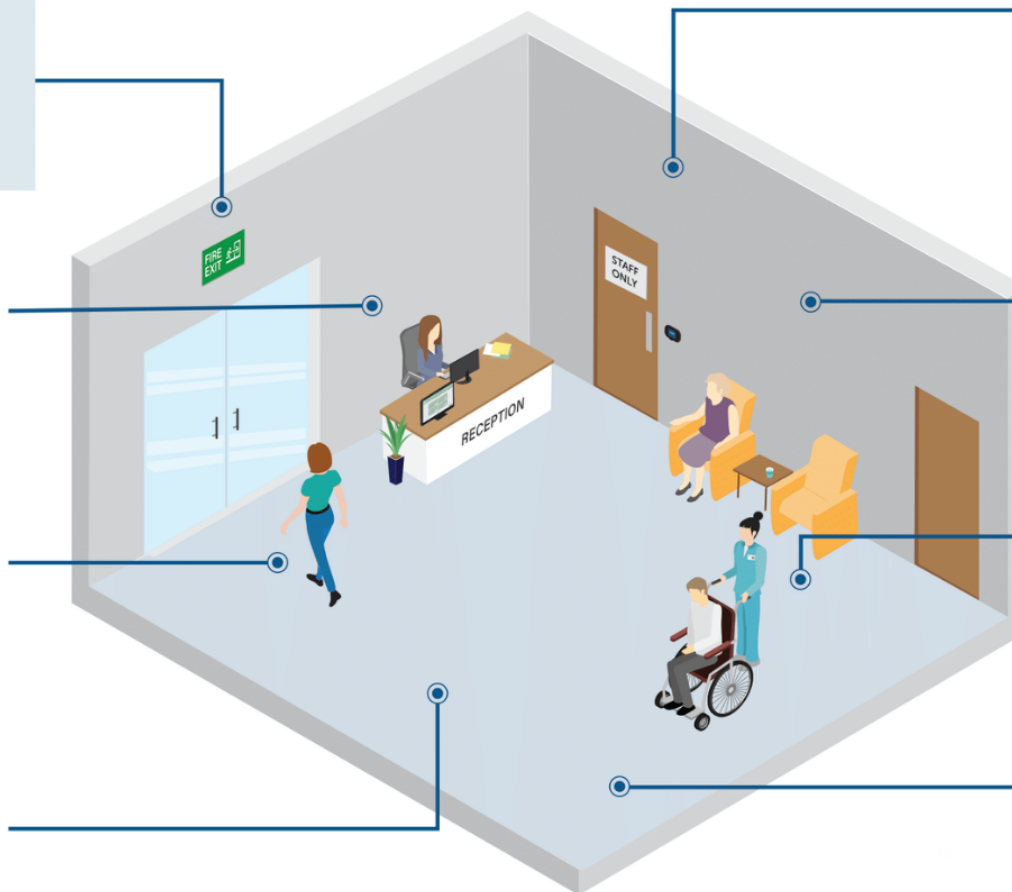

MULTI-SITE

Allow for staff sign in at multiple sites with the InVentry system, automatically sign staff members out when signing into a different care home.

CONTRACTOR CHECKS

Obtain contractor inductions and checks, such as insurance documents before they arrive on-site.

QUESTIONNAIRE MODULE

Ask contractors to complete an online induction and any security questions you require before arriving on-site

PERSONALISED SKINS

Customise your InVentry system to coincide with the look and feel of your branding

ADDITIONAL FEATURES

COVID-19 FEATURES

In response to the recent pandemic, we've developed lots of new features to enable your care home to remain COVID-19 secure. These features include Capacity Management allowing you to set a maximum capacity and receive notifications when this capacity has been met, breached and is back to acceptable levels.
